

Year 5 – Summer 2 Project Homework Grid

You should complete one topic homework of your choice each week as well as the science and maths tasks. You will also have weekly spellings to practice. Please take time over your homework; research it carefully and present it neatly. Each half term we will have a homework party to celebrate good homework. Each homework task is worth five points.

This half term, you will need at least **120 points** to earn your invitation.

	Topic: London (choose at least one activity)		Science	Maths
Week 1 	Choose a key event from British history and create a fact file about it.	Write a paragraph describing the impact a key historical event has had on Great Britain.	Create a timeline of the key events that have happened in your life.	Research the gestation period and length of childhood for 5 different mammals (not humans).
Week 2 	Draw a floor plan of your home, labeling the rooms and important objects found there.	Choose a window in your home and draw the view outside.	Write a description of your home and the area around it.	Look after your egg “baby” safely for a week and bring it in to school on Monday.
Week 3 	Draw a map of the area around your home marking street names and key features.	Design a poster encouraging someone to move to your area. Think about what advantages and attractions there are.	Write a poem describing the area that you live in.	Create a list of the key developments that occur during the first twelve months of human life.
Week 4 	Write a set of instructions for how to get to school from your home.	Draw a map of your journey to school.	Time your journey to school every day for a week. Record the times in a table and work out the average journey time.	Create a chart showing some of the similarities and differences between human beings as babies, adults and in old age.
Week 5 	Imagine you are in charge of building a new park in Islington; make a list of what you would want in it.	Draw a design for a new and amazing park to be built in Islington.	Create a model of an amazing new park for Islington.	Use the internet to research a famous scientist of your choosing. Create a fact file showing 10 things about them.
Week 6 	Design a new interactive piece of technology to be used in an Islington park.	Write a short story that takes place in a local park.	Draw a poster encouraging people to visit and use the parks in Islington.	Use your fact file from last week’s homework to create a poster about the achievements of your chosen scientist.

Log on to **Mathletics** (if you cannot access the Internet at home you can go to Mathletics club on Fridays at lunchtime) and attempt the task that has been set for you.

Your teacher will check your work each Monday morning.

If you do not know your Mathletics login, please ask your teacher!
