

Year 1 Weekly update: 11th June 2018

Messages:

On **Friday 15th June**, Duncombe have an INSET day.

This week, the children will be preparing for the **Science Fair** that is taking place in the afternoon on **Tuesday 19th June**. Parents will be invited to come and see what the children have been learning this term.

Maths:

This week, the children will be reviewing multiplication and division. We will be learning about arrays and the commutative nature of multiplication. Later in the week, they will be practising different methods of division.

division by grouping

$$6 \div 2 = \square$$

English:

The children will learn about the features of instruction writing. They will use imperative ('bossy') verbs and time connectives to order their instructions. They will also plan and write their own set of instructions to tell others how to plant and look after a sunflower.

Topic and science:

In topic this week, the children will learn facts about ocean creatures in different sea environments.

In science, the children will investigate what plants need to grow. They will plant sunflowers and make predictions for their growth.
