

Year 1 Weekly update: 6th March 2018

Messages:

On Tuesday, Ernest Shackleton will visit Elthorne Park to take part in their Forest School project. When your child has Forest School, please could you send them to school with a warm coat, a pair of wellies or trainers and some warm, comfortable trousers or jogging bottoms to change into in the afternoon. They will be spending the afternoon outdoors and might get muddy so they will need to wear warm, dry and comfortable clothing. Thank you very much for your support.

Maths:

This week, we will revisit multiplication. The children will practise finding the answer by drawing arrays.

$$4 \times 2 = 8$$

English:

The children will continue studying *Jack and the Beanstalk*. They will learn the story using Talk for Writing and act it out. Towards the end of the week, they will write a longer piece of work to retell the story.

Topic and science:

We will continue to learn about our new topic, *Healthy Eating*. They will sort food into categories and discuss what healthy food does for our bodies.

Mother's Day Celebration

On Friday 9th March, Year 1 will be hosting a Mother's Day party at 9.15am in the bottom hall. All children are welcome to invite a mother, grandmother or auntie to join our celebration. If you are unable to attend, your child will take part in a class party.
