

**Messages:**

Well done to the children for completing the Reading SATs papers last week. We are very proud of them for all their hard work! We will be completing the SPaG SATs paper this week and revising for the Maths SATs paper which will take place next week.

**Maths:**

The children will be completing maths revision that will cover all the topics that we have been learning this year.

**Phonics / Spellings:**

This week your child will be learning to spell contractions.

Your child needs to copy out each spelling using look, cover, write, check. You may find it useful to have a practice spelling test!

Your child needs to write 3 sentences using as many of the words as they can.

**English:**

This week the children will be continuing with their information writing all about gorillas. They will be organising their writing under subheadings and using scientific knowledge to write interesting facts.

**Topic:**

This week we will be learning about the 7 continents. Children will learn the names of each of them and be researching interesting facts about them.

**Science:**

We will be learning about why gorillas are endangered (habitat loss, poaching and disease).

**Homework:**

Please remember to bring back the CGP Practice books on a Monday so the children can be rewarded with points for their hard work.

Please complete two pages from the Maths book and two pages of the English book.

Feel free to complete as many pages as you like to finish off the book.

Please learn your spellings and complete the maths homework.

We are running homework club on Tuesdays for children who need more time to finish homework, during assembly time.
