

**Messages:**

- Seaside trip this Friday 22<sup>nd</sup> June.
- Sports' Day at Wray Crescent on Monday 25<sup>th</sup> June.
- Interuniversity workshops will be held next Tuesday 26<sup>th</sup> June in school. This is a project which raises aspirations and teaches children about future academic possibilities.
- Next week, we are going on an exciting trip to King Henry's Walk. More details to follow in a letter this week.

**Maths:**

This week, children are beginning to look at statistics, including pictograms, bar charts and line graphs. They are also continuing to work on time, particularly reading 12-hour analogue clocks.

**English:**

Children are completing their writing this week. They will be retelling a traditional tale. We will encourage children to show off all their fabulous writing skills in this piece.

**Science:**

This week, children will plan and conduct a scientific experiment. They will be encouraged to make a prediction, find a method, record their results and devise a conclusion.

**Topic:**

Children will continue with Philosophy for Children discussions. They will be thinking about gender roles and will be discussing whether particular character traits belong to boys and girls.

**Homework:**

Reminders: topic and science are optional; spellings, times tables and Mathletics are compulsory every week.

Homework club is held in Shakespeare classroom during Friday lunchtime. Please encourage your child to go if they need help or would like a head start on their homework!
